YASH RAI
Full-Stack Developer

raiyash582@gmail.com | +91 7015032481 | Hyderabad, India | LinkedIn | GitHub

1 SUMMARY

Dynamic and results-driven final-year student with **full-stack development expertise** specializing in the MERN stack (MongoDB, Express, React, Node.js). Proven ability to deliver production-ready software solutions, demonstrated through **engineering** a scalable REST API (Task Manager) and a full-stack blogging platform. Highly adept at collaborative problem-solving, critical thinking, and quickly learning new frameworks to drive project success.

1 EXPERIENCE

Internship Consultant (Consultancy role)   **June 2025 – Present**
HighRadius Technologies Pvt Ltd., Hyderabad
- Functioned as a consultant, directly **resolving an average of 3-5 complex client issues daily**.
- Collaborated internally with engineering teams to address time-sensitive problems, emphasizing teamwork and clear communication to **streamline the resolution process**.
- Maintained and updated internal project management databases with accurate client information and status reports, **improving tracking efficiency**.

Training in Full-Stack & Blockchain Dev   **April 2024 – June 2024**
Metacrafters, Online
- **Executed two MERN stack projects** during intensive training, solidifying proficiency in full-stack integration and **core JavaScript** methodologies.
- Earned a Certification in Blockchain Development, demonstrating technical competency in distributed ledger applications.

1 PROJECTS

Task Manager REST API   **Node.js, Express, MongoDB, React**
GitHub Link
- Engineered a scalable REST API implementing **secure authentication and role-based access** using JWT and bcrypt hashing.
- Established distinct user and admin roles, enabling administrators to efficiently assign and manage tasks.
- **Improved** data integrity by designing robust CRUD operations with comprehensive input validation and API versioning.

BlogMonger   **Node.js, Express, EJS, MongoDB**
GitHub Link
- Built a full-stack blogging platform using Node.js, Express, EJS, and MongoDB.
- Implemented server-side rendering (EJS) for optimized page load times.
- Secured authentication and session handling, modular backend for maintainability and scalability.

1 TECHNICAL SKILLS

- **Languages:** JavaScript, C/C++
- **Frontend:** React, HTML5, CSS3, Tailwind CSS, EJS
- **Backend/DB:** Node.js, Express, MongoDB, MySQL, REST APIs
- **Tools/Concepts:** Git/GitHub, Postman, JWT, bcrypt, Data Structures, Blockchain

1 EDUCATION

B.E., Computer Science   **Expected June 2026**
Chandigarh University, Kharar, India
- GPA: 7.60. Relevant Coursework: Data Structures, Web Development.
- Ranked in the **Top 10% of CSE students** (AMCAT testing).

Higher Secondary   **December 2020**
DAV Sr. Secondary School, Surajpur   GPA: 85%

1CERTIFICATIONS & ACHIEVEMENTS

- Certification in Blockchain Development.
- Completed Advanced React projects and e-commerce development coursework.
- Selected for **Round 2 in the GFG Quiz Arena** (demonstrating analytical and competitive skills).
